MOTHER NATURE
STRIKES AGAIN!

Submitted by Village of Richfield Springs Historian Harriett Geywits

Have you been keeping track of the signs that would indicate the amount of ice, snow and frigid weather we will have during this winter season? Perhaps you've checked out the caterpillars and found some that had more black than brown, indicating that the coming months would bring harsher weather. Have the squirrels you've seen had bushier tails than usual and gathered their nuts early in the season? This might be a sign of a severe winter. Look up and listen to the Canadian or snow geese. Did they start an early migration? If so, this is a clue that a severe winter is on the way. If you thought of counting the number of foggy days in August, you could expect an equal number of snowstorms in winter. Thicker and tighter than normal corn husks are another sign that very cold weather will follow. Or maybe you are a true fan of reading the Old Farmer's Almanac for the weather predictions for your area, the first edition of which was released in 1818.

We don't know what, if any, methods the people of this area used in 1900 for weather predictions, but they certainly weren't expecting the extent of the storm that hit this area at the end of November of that year. Keep in mind the difference in what was available then compared to now in terms of manpower, equipment and the ease of getting the most current weather predictions and alerts.

From the Richfield Springs Mercury. November 29, 1900: No old citizen has yet said to our hearing that a worse ice storm occurred in this vicinity than the one of the present week. The damage will amount to many thousand dollars and columns could be filled with a list of the losses to orchards and trees, to say nothing about the expense of putting the telegraph, telephone and electric light wires back in as good condition as before.

The ice commenced to form on the trees early Sunday and the falling rain increased the amount until the load became so heavy that the branches began to break and when the wind began to blow in the evening, the havoc wrought became something appalling. Throughout the night, the falling limbs made an almost continual crash and pedestrianism through the streets became dangerous.

In the village, the many handsome elms suffered the most, while the willows were about denuded of all branches. The maples, except in a few cases owing undoubtedly to being shorter and hence were not hit so hard by the wind, were less damaged. The damage to the wires is unbelievable as are the individual losses to what would include more than half of the property owners of the village.

Only in one instance that we have learned, did the falling limbs damage a building, that being at Tunncliffe Lawn (Lake Street). The immense willows on the handsome lawn there were a sad sight and the large one in the Tunncliffe Cottage lawn (Main Street) looked as if a cyclone had struck it. Those of Mr. E. A. Ward's lot near the Richfield Hotel (Main Street) were also about demolished. The stately elm near Dr. Crain residence on Main Street and in the rear of E R. Hendrix's house presented

about as sorry an
appearance as
possible. Mr.
Ibbotson's trees in his

front yard were also badly broken and in many other yards the brush that had been whipped up made the sidewalks almost impossible to navigate. Several wagon loads of limbs were broken in the handsome grove at Hon. D. Jones Crain's summer home (Cullenwood) and in fact, the devastation seems to have been very general for a radius of several miles. In the farming districts the loss from the demolition of the fruit trees is beyond calculation, many orchards being almost wrecked. It seems to be the consensus of opinions gathered from our correspondents and the farmers we have interviewed, that no such disastrous storm has ever visited this vicinity.

This is the most disastrous storm in the history of the Electric Light Company (organized in 1888). All day Sunday the sleet storm continued and the electric wires stood up well, but at dark on Sunday evening, the wind arose and the ice coated trees and limbs were hurled on the wires with crushing force. At 5:30, the Church Street feeder wire was crushed by a dozen huge limbs torn from strong trees. At 9:30, Manager Storer patrolled upper Main Street. At that hour huge limbs were falling so it was dangerous to go on the sidewalks and upper Main Street was a hopeless tangle of telegraph, telephone and electric light wires, so much so that the incandescent system was shut down. The streetlights were kept burning until 11:30 p.m. when the arc line parted, broken in three places.

Manager Storer and his men started early Monday morning on what seemed a hopeless task as the lines over the entire village were loaded with ice coated limbs where the wires were not broken down entirely. It was marvelous what great limbs were caught and held upon the wires without breaking them. The work of removal of these was difficult and slow. Not the least of the trouble was the mass of telegraph and telephone wires upon the electric wires which had to all be removed to prevent short circuiting the electric light wires.

Monday, at nightfall, the street lines were cleared so the arc lights on the streets were running all right. The incandescent system on East and West Main was running as were other parts of the town on Tuesday. Of course, the repairs were hastily made in a storm of rain. It will take a long time to put the lines in proper shape. The telephone lines are down for miles and it will be a week before they can be repaired. At the Western Union office, one telegraph wire was working and telegrams were not delayed, but not a telephone wire existed to anywhere."

This wasn't the first, nor will it be the last, of a variety of winter storms to hit this area, but it reminds us that we never really know what 'Mother Nature' has in store for us.

2025 Mount Markham
Optimist Community
CHRISTMAS BASKET PROGRAM

Christmas is just around the corner. The Mount Markham Optimist Club and the entire community are preparing for the annual Community Christmas Basket Program. Due to the generosity and support from individuals, organizations, and businesses in our community this program has always been a great success and a source of pride for the Mount Markham community.

We know that many families in our community are facing financial difficulties. The number of families in need is certain to be greater than last year's number. The Community Christmas Basket Program provides these families with food gift cards and wrapped gifts which help them celebrate the joy of Christmas.

Whether you would like to help through the purchase of a gift for a deserving child or adult, or give a monetary donation, your assistance is needed again this year. Please look at the blessings in your own life and consider your friends and neighbors in our community who are not as fortunate. Your contribution given in the spirit of love and concern for those in need will be greatly appreciated.

We will be delivering presents and food gift cards on Saturday, December 20th. Make your contribution payable to the Mt. Markham Optimist Club and mail to: Mt. Markham Optimist Club. PO Box 53. West Winfield, NY 13491

Please give generously so that others, especially the children, may share the joy of this holiday season.

Questions? Please call Jeff Barrett @ 315-822-3241, Dennis Haggerty @ 315-525-5224, or Everett Bailey @ 315-822-6276 | 2025 Community Christmas Basket Program

FIND YOUR DREAM JOB in our Employment section.

Houseplant Tip

It's important to watch houseplants closely. According to gardenguides.com, an online gardening resource, you should inspect plants regularly for yellowing or discolored leaves. This condition is usually caused by overwatering, but can also be the result of insects. Deformed plants and sticky deposits on leaves and stems can be caused by insects as well.

LOOKING FOR AN AFFORDABLE USED CAR?

SICK OF BUYING rusty junk off of an individual or online and then spending more than you paid for it trying to get it functional or to pass inspection? At Central Auto Sales I take pride in buying quality cars that are still in excellent condition that can supply you with many miles of service in the future. I typically buy my cars from states south of NY to avoid the rust associated with local cars. I have a nice selection of cars in the affordable \$4-6K range, most are low miles or low miles for the age. I'm a lifetime resident of Norwich. Buy from someone local. No pressure, no fancy hype, just quality cars at fair prices! Central Auto Sales LLC, 429 Manley Road, Norwich. www.centralautosalesllc.com 607-336-6371.
