ChenTAC

**Chenango Threat
Advisory Committee**

WHO WE ARE

The formation of ChenTAC was established due to the ever-changing risks of
targeted violence and mass shootings that society faces today. ChenTAC takes
effective proactive and protective measures that are designed to prevent, not
predict, potential acts of targeted violence and terrorism. Through identifying and
managing potential threats, ChenTAC provides alternatives to investigation and /or
prosecution for bystanders who are actively seeking intervention assistance with a
known individual at risk of mobilizing to violence.

With the support of the Chenango County Sheriff's Office, ChenTAC is a
multidisciplinary team comprised of businesses, schools and colleges, social service
agencies, mental health professionals, faith based organizations, community
resources and local and state law enforcement. Collectively, we convene as a
confidential group to identify, assess and manage potential threats of targeted
violence.

IMPORTANT DEFINITION

Targeted Violence is premeditated violence and is usually directed at a specific
individual, group, or location. A perpetrator of targeted violence is typically
responding to a perceived grievance or acting on behalf of a particular ideology.
Targeted Violence is different from impulsive, reactive, or emotional acts of
violence. Some examples of targeted violence are school shootings, workplace
violence, domestic violence, stalking, and terroristic attacks.

WHEN TO CONTACT ChenTAC

If you become aware of someone exhibiting concerning behaviors, or threatening a
person, group or entity, ChenTAC is available to help.
Contact our report line at (607) 334-2000 or go to www.chenangocountyny.gov/271/
Sheriffs-Office and find the Submit A Crime tip button. If you have concerns of
imminent danger, call 911 immediately.

**See Something, Say Something
YOUR ROLE IS IMPORTANT**

ChenTAC is relying on you, our biggest asset, to help identify potential threats.
Without participation from members of the public, we can not identify ways to assist
those who need us or protect our community.

LAWN & GARDEN

Cultivate An Herb Garden

Many people cultivate gardens both inside and outside of their homes with a focus on adding aesthetic appeal to their property. But a garden that boasts plants that are edible and pleasing to the eye is a possibility as well. Planting an herb garden is a creative way to enjoy the sights, smells and tastes of a wide variety of plants. Using fresh-harvested herbs in culinary endeavors imparts a taste that dried spices cannot match. What’s more, fresh herbs are often easy to cultivate.

Herbs are versatile, capable of lending great flavor to foods while also playing different roles in personal health and beauty. Herbs can be grown to perfume homes and bodies. There are herbs that are also purported to help with ailments, from upset stomachs to anxiety.

When planting an herb garden, you may want to pay particular attention to the types of flavors and smells you like in your home and cooking. This will help you to narrow down the types of herbs you will plant. Many would-be herb gardeners tend to start small to see what luck they have when cultivating herbs. Fortunately, herbs can grow well in containers indoors, provided the soil is amenable and there is plenty of sunlight.

Herbs will grow best in well-prepared soil. Make sure that it is rich in organic matter and drains well. Also, for plants like parsley, be sure to have deep pots or dig deeply in the garden to establish long taproots.

Until the weather warms up, you may want to begin herb cultivation indoors and then transfer plants outside during the summer. Basil, for instance, is a tropical plant that does well in warm conditions. Therefore, it will need to be kept away from drafts and get several hours of direct sunshine a day. Place most herb planters in a south-facing window of a home to ensure they get ample sunlight and to allow the soil to dry adequately between waterings.

With many herbs, leaf production will diminish on any stems that flower. It is essential to pinch off flowers that form to encourage the herb plant to continue producing leaves, which are the parts of the plant most associated with seasoning and aroma.

LAWN & GARDEN

Stop weeds before they take over

Mow at the right height

Crabgrass is a notoriously virulent weed that can quickly snuff out blades of grass. Crabgrass likes hot, dry conditions, and it only takes one plant to spread the seeds that can overtake the lawn. Preventing these conditions can stop crabgrass from flourishing. Mowing at higher heights and leaving grass blades taller can shade the soil, helping to prevent the germination of crabgrass. Shady conditions also will help the soil retain moisture and prevent the arid conditions crabgrass likes so much.

Water deeply

Weeds are accustomed to growing in adverse conditions, including especially hot temperatures. When such conditions arise, weeds establish deep roots while the roots of the grass can easily die off. Instead, when watering, wet the soil to a depth of four to six inches. This helps grass to establish strong root systems that will help lawns overpower pesky weeds.

Time weed killers

Whether you manually remove weeds or apply weed killers, timing is key. Combat weeds in the early spring before they have a time to fully form and start proliferating through seed dispersement. Once seeds spread, their growth is difficult to control. Recognize that no single herbicide or weeding tactic will work for every type of weed. Broadleaf weeds, like dandelions, unwanted grasses, and sedges are the three most common types of weeds.

Watch fertilizer amounts

Strike a balance with fertilizer, finding the right amount to deliver continuous nutrition to the lawn, but not overfeed it so that weeds can thrive. Many lawns only require fertilizer once or twice annually, in the autumn and spring. By following these guidelines, lawn and garden enthusiasts can prevent the proliferation of unsightly and potentially harmful weeds. GT164979

In Our 60th Year In Business Conducting All Types Of Auctions!

Thank you UHS Nurses

*the lifeblood
of healthcare
organizations*

**National
Nurses
Week
May 6–12**

nyuhs.org

Healthcare in the U.S. has changed dramatically over the past **50 years**, and the profession of nursing has evolved with it, becoming more indispensable than ever in creating a great patient experience.

UHS nurses are partners with all the other members of the patient care team, in every clinical setting, from the operating room to home care. The expertise and skills UHS nurses demonstrate ensure strong multidisciplinary teams serving our patients.

“Our nurses are at the heart of every patient experience across the entire UHS system,” said Kay Boland, RN, senior vice president, chief nursing officer and chief operating officer of UHS. “From hospitals and walk-ins to home care and community outreach, our nurses provide compassionate, high-quality care wherever it’s needed. They advocate for patients, educate families, and promote health and wellness throughout the many communities we serve — making a meaningful difference every day, at every touchpoint.”

There is no better time to recognize and honor a UHS nurse than during National Nurses Week, observed May 6 to 12. The celebration begins with **National Nurses Day** on May 6 and ends on May 12, the birthday of Florence Nightingale (1820–1910), the founder of modern nursing. The year 2025 is the 71st year of a nationally recognized Nurses Week celebration.

YOUR CARE. YOUR WAY.

Earlville Opera House Presents

Spring FUNdraiser

The Rusty Pickup Band brings some of the greatest hits of Folk-Rock and Country from the 70's and onward, covering bands like the Eagles, Merle Haggard, Little Feat, Hank Williams, Grateful Dead, Crosby Stills & Nash and many more! With John Crespi and Bruce Ward on vocals and guitar, Steve Skollar on mandolin, Carl Pickett on bass and Brendan O'Connor on the drums, you'll be transported back in time with these favorites. Pump up the tires on your rusty pickup and join the fun!

CARS

LOOKING FOR AN AFFORDABLE USED CAR?

SICK OF BUYING rusty junk off of an individual or online and then spending more than you paid for it trying to get it functional or to pass inspection? At Central Auto Sales I take pride in buying quality cars that are still in excellent condition that can supply you with many miles of service in the future. I typically buy my cars from states south of NY to avoid the rust associated with local cars. I have a nice selection of cars in the affordable \$4-6K range, most are low miles or low miles for the age. I'm a lifetime resident of Norwich. Buy from someone local. No pressure, no fancy hype, just quality cars at fair prices! Central Auto Sales LLC, 429 Manley Road, Norwich. www.centralautosalesllc.com 607-336-6371.
