OTSEGO COUNTY

OTSEGO

ABOUT THE COUNTY

From humble beginnings in August, 1982 when four Oneonta residents got together to talk about starting a railroad museum, the Leatherstocking Railway Historical Society (LRHS) has grown to become one of the largest and most active railway preservation groups in New York State. We were proud to celebrate our 20th Year of Rail Preservation in 2002.

The organization was incorporated as not-for-profit, 501(c)(3) tax exempt, educational corporation by the New York State Department of Education on December 16, 1983 and became an affiliate of the National Railway Historical Society on May 7, 1983, being designated the Leatherstocking Chapter.

The Leatherstocking Railway Historical Society was created with two objectives in mind. The first was the protection and preservation of the "Little Red Caboose" in Oneonta's Neahwa Park. It was in this Caboose that the Brotherhood of Railroad Trainmen was organized in 1883, which became the largest rail union in the world. After raising \$10,000 a plexiglass enclosure was built around the Caboose protecting and preserving it for future generations. LRHS is still to this day the official caretaker of this historic piece of rail equipment.

The second objective of the organization was the construction of a railroad museum in the Oneonta area to document, preserve, and educate the public on the area's rich railroad heritage. After looking at several locations in the immediate Oneonta area, a location on NYS Route 7 in Cooperstown Junction was chosen in 1984 as a museum site. The property consisted of 1.5 acres of land and an 1890's Victorian style house. The site was also ideally located at the southern end of the Cooperstown & Charlotte Valley Railroad (CACV), a 16-mile shortline running from the Delaware & Hudson Railway (D&H) mainline in Cooperstown Junction to Cooperstown. The CACV had not been used for several years.

In April, 1995 the organization purchased the Milford Depot, located at the midpoint on the CACV and immediately began restoration work. On June 8, 1996 the depot, restorations complete, was dedicated and opened up to the public as a railroad museum. Also on the property is an 80' x 35' steel building constructed in the 1970's which is used as an engine house.

Culminating over ten years of efforts, the Leatherstocking Railway Historical Society took ownership of the Cooperstown & Charlotte Valley Railroad, built in 1869, when it closed in escrow on July 1, 1997. The actual transfer of funds took place during a press conference on September 15, 1997 at the Milford Depot. Work on clearing brush along the line began in August, 1997 and was completed in October, allowing engineers to perform inspections during the first quarter of 1998 which were necessary to prepare bid packages for contractors who worked on the CACV renovations. These renovations were completed during the spring of 1999 with rail operations beginning on Sunday, June 6, 1999 between Milford and Cooperstown, NY. An official Grand Opening was held July 10, 1999, commemorating the 130th Anniversary of the building of the Railroad.

In September, 1996 property next to the Milford Depot known as the Milford Auction Barn Property was purchased. This unique property, with 12 acres of land and a large barn, will drastically increase the parking and display capacities in Milford. In addition, a large auditorium in the barn once used for auctions will become an audio/visual center where visitors will be able to enjoy railroad oriented presentations.

Also in September, 1996 the organization acquired through donation a foot and a half gauge, locally built railroad. With a diesel and two coaches capable of carrying a total of 30 passengers the Milford Park Railway is periodically operated for visitors on weekends during the summer months.

The Milford Depot Complex, the Cooperstown Junction property, and the CACV are all parts of the Leatherstocking Railway Museum Project. When completed the Leatherstocking Railway Museum will consist of a museum facility in Cooperstown Junction, the Milford Depot Complex and a facility in the Village of Cooperstown, all connected by train rides on the CACV.

The organization has collected several pieces of rail equipment since its inception. Most notable are two D&H Railway Post Office Cars, a D&H Big Hook Wreck Crane (which used to be stationed in Oneonta), a D&H Jordan Spreader, a fleet of passenger and freight cars, cabooses and a Pennsylvania Railroad GG1 Electric locomotive.

Thousands of railroad artifacts have been added to the organization's archives over the years and are used for displays at the museum facilities and/or stored in the LRHS archives for research purposes.

In addition to rail equipment and paper artifacts several railroad structures have been preserved. Delaware & Hudson signal bridges have been acquired, and FA Tower, last standing wooden interlocking tower on the D&H, was dismantled in Oneonta and moved to the Cooperstown Junction Museum Site for future assembly on that property.

From that group of four local railroad enthusiasts in 1982 LRHS has grown to 300 members

Catskill Scenic Route 30

From Hancock to Grand Gorge, Catskill Scenic Route 30 follows the East Branch of the Delaware River through 5 towns; Hancock, Colchester, Andes, Middletown, Roxbury and their many villages and hamlets. Along the entire route, bluestone quarrying, logging and farming were historically the most important industries and continue to be important today. Easily accessible via Exit 90 from Route 17 (soon to be I-86), Route 30 in Delaware County passes through 61 miles of beautiful hills and valleys, passing many historical sites, and offering many attractions and recreational activities through all four seasons of the year.

Hanford Mills Museum, listed on the national and New York State Registers of Historic Places, is one of only a handful of operating water powered mills in the country. The historic site features mill tours demonstrating the sawmill and other mill machines, the John Hanford Farmhouse (which recreates home life in the 1920s), and other historic buildings. Visitors can explore the nature and rail trails that wind through the Museum's 70-acre site and are welcome to picnic beside the millpond. The Museum also features a gift shop with Mill-made crafts, books and local products. A full schedule of Hanford Mills events, workshops, children's camps and activities, the Summer Lecture and Performance Series, and Summer Steam Saturdays is available on the web site, www.hanfordmills.org.

Andes Hootenanny

Denick and Charlie Herrin started hosting an annual party in 2016, which they called the Andes Hootenanny, as a way of meeting locals, their instagram followers (in real life), and introducing their faraway friends to the beauty of the Catskills. The Andes Hootenanny will happen on Saturday, June 21 at the Andes Hotel. Doors open at 6.30pm but come early and have a drink, and tour the town. The event celebrates the town of Andes, small businesses, and independent musicians. This year's performers are Malena Cadiz, Joe Pug, Kitchen Radio, and The Bones of JR Jones. It's a free event, so consider giving back by supporting the local businesses in town and get ready to have a fantastic night.

Erie Canal Lock 33

www.lock33.com
Dump Road, St. Johnsville

"One of the town's best kept secrets..." The original double locks of the Old Erie Canal. The site is accessible next to the bike path on Bridge Street along Dump Road which is a dirt road. Marked with a historical marker. Picnic tables on site.

This enlarged double lock is located on the Erie Canal on the south side of the barge canal across from the village of St Johnsville NY, in the town of Minden. You must travel 3/4 of a mile down Dump Road to get to it. A sign on Bridge Street marks the entrance to the road. Terry Potoczny and his team of volunteers have spent countless hours cleaning out the old lock. It is under restoration and was once filled with water and the floating cargoes that made the Erie Canal commercially successful, in November 1999 these double locks instead held tons of garbage including 125 tires, one snowmobile, a motorcycle, assorted bicycle parts, refrigerators, kitchen stoves, and a television. Like other segments of the Erie Canal across the state, these locks are being rescued and restored by local preservation groups, businesses, and governments. Connected by paths and trails, they serve as links to the past and recreational respite for the present.

The locks history, as researched by Tom Grasso. It was lengthened during the Winter-Spring of 1887-1888. The contract was awarded to Soule and Raynor of Syracuse who also lengthened Lock 32 at Fort Plain. Their bid was \$24,620.50 for Lock 33 and \$24,111.50 for Lock 32. It was lengthened at the head of the berm side instead of the foot probably because Lock 33 is located at the end of a curve and lengthening it at the foot would make the lower end of the lock stick out into the curve taking away from the arc of the bend rendering it sharper and for double headers this could be a big problem.

Route 5, St. Johnsville

The 1750 fortified home of fur-trader Johannes Klock, located east of St. Johnsville, is a Colonial settlement of the French and Indian period. The Fort Klock Historic Restoration is a National Historic Landmark which includes a 1790s Dutch barn, blacksmith shop, and an 1825 schoolhouse. Memorial Day thru Mid-October, Tues-Sunday, 9am-5pm. Small Admission
Fort Klock has a membership program for those who wish to share their time and gifts. Members receive the Fort Klock newsletter, calendar of events, and pride knowing they are helping to preserve a Mohawk Valley Landmark. By perserving the past we share it with the future.
The Fort Klock Historic Restoration is a non-profit (501-C3) organization that is very grateful for the help of private and corporate donations.

Route 5 at the intersection of Route 67 in Fort Johnson, NY, about 1 mile west of Amsterdam, NY

Old Fort Johnson, the 1749 fortified limestone home of Sir William Johnson, is representative of the best of colonial architecture. No other home of a prominent New York citizen of the colonial period has survived so untouched by the changes of style and time. This National Historic Landmark is owned and operated by the Montgomery County Historical Society, a private, non-profit organization established to collect and preserve Mohawk Valley history. It is the Society's intent to present the Fort as close to the way it was during Sir William's lifetime as can now be determined. Most furnishings are contemporary to Johnson's time, and a number of items are from the Johnson family. The Fort also houses exhibits which include a collection of Native American artifacts focusing on the Mohawk Valley; the Betsey Reynolds Voorhees room which articulates the life and times of a prominent 19th century lady; the attic which holds pieces that tell the history of Montgomery County and a rare 18th century privy.

Landis Arboretum

174 Lape Road, Esperance, NY 12066

The Landis Arboretum is a public garden spanning 548-acres into both Schoharie and Montgomery Counties. Forty acres are developed with plantings of trees, shrubs, and herbaceous perennials from around the world. The remainder of the property consists of natural areas, woodlands, wetlands, more than 8 miles of trails, and open fields reminiscent of the former Oak Nose Farm, homestead of founder Fred Lape. The grounds are open daily from dawn until dusk. Suggested donation of \$5.00
The office is open Monday through Friday, 10 am-2 pm.

FULTON ATTRACTIONS Gateway to the Adirondacks

The splendor of the seasons comes naturally to Fulton County, where the Adirondack Park meets the Mohawk Valley. In an area so varied, beauty is abundant in spring, summer, winter and fall, and the slate of activities is equally complete.

Fulton County in the spring and summer is shimmering with an abundance of lakes and streams for fishing, boating and swimming. The mountains and valleys boast quiet sylvan paths lined with pine needles and maple leaves.

In this land of nature's bounty, the number of activities is only as limited as your imagination. Let's say a brisk walk in the cool dew in the morning, a round of golf on any of several courses in the afternoon, then a moonlit cruise on one of 44 lakes. Folks who appreciate the indoors as much as the scenic outdoors can take in the historic sights, like Johnson Hall Historic Site, the former home of French and Indian War hero Sir William Johnson. Events are planned year-round at the Rice Homestead as well, a 1790 Colonial homestead.

Dressing the Revolutionary Lady

6:30 pm - 7:30 pm

As the 250th anniversary of the Battles of Saratoga approaches, join librarian and historical costumer Caitlin Sheldon for a dressing demonstration of fashionable lady's dress from the time period. From chemise to cloak, she'll demonstrate with both images from the era and her own handmade clothes for an engaging discussion of the many layers that go in to dressing a lady.

Sheldon discusses and demonstrates the design and clothing style of a refined lady in the American Revolutionary period.

Sheldon is a Saratoga Springs Public Library librarian and historical costumer who draws inspiration from the past. The self-taught costumer uses historical images of people from the past to fuel the ornate outfits she recreates. This passion has led to research that provides a deeper understanding of trends in fashion.

This program will be preceded by a short Friends of Schoharie Crossing meeting. Free and open to the public. Refreshments will be provided.
