*As we move to reopening our offices, there will be new protocol in place. When our plan is finalized, we will share that with you!*

What makes a small town great is its community, and that's why your response to the 2020 Census is so important. It can impact funding for things that keep us connected, like local roads, bridges, public transportation and more. You can respond by calling toll-free 844-330-2020.

You still have time to be counted!! Due to the health emergency of COVID-19, much of the dates are pushed back. If you received a card and did not respond, you will get a few reminders. Local field people will also be out to assist you in this process too. It is very important that everyone is counted to assist us with services and financial assistance from various sources to our county. If you have any questions, please call.

It is still very important for you to socially distance yourself from others. Although it may be challenging, it is necessary. We are all in this together, at a distance yet, united.

***PLEASE STAY HOME AND SAFE!***
