TRUMP'S WAR

Presidential Powers and Undeclared War

**Presentation by
Dr. Edward Erickson**

**June 15, 2026
6:30 PM**

President Donald Trump has come under heavy criticism for attacking Iran without a declaration of war and without Congressional approval. In fact, waging undeclared wars by presidential decree is an American tradition and almost every president since John Adams has done the same thing. Join historian Ed Erickson as he examines the question "What is War?" and the Article I clauses of the US Constitution. He will discuss the long history of presidential decisions leading to undeclared wars, including John Adams' Quasi-War with France, Woodrow Wilson's Interventions in Mexico and Russia, Calvin Coolidge's Banana Wars, and Harry Truman's International Police Action in Korea. The presentation is non-political and a short Q & A will follow the presentation

LOOKING FOR AN AFFORDABLE USED CAR?
SICK OF BUYING rusty junk off of an individual or online and then spending more than you paid for it trying to get it functional or to pass inspection? At Central Auto Sales I take pride in buying quality cars that are still in excellent condition that can supply you with many miles of service in the future. I typically buy my cars from states south of NY to avoid the rust associated with local cars. I have a nice selection of cars in the affordable \$4-6K range, most are low miles or low miles for the age. I'm a lifetime resident of Norwich. Buy from someone local. No pressure, no fancy hype, just quality cars at fair prices! Central Auto Sales LLC, 429 Manley Road, Norwich. www.centralautosalesllc.com 607-336-6371.

MILLIONS OF PEOPLE HAVE BEEN CURED OF A DISEASE MOST PEOPLE THINK IS INCURABLE.

We've made significant progress against most forms of cancer.

But, as far as many people are concerned, cancer is still a fatal disease.

There are nearly three million people who would disagree. People who have had cancer and are now cured.

For certain forms of cancer, the progress we've made is nothing short of miraculous.

With early detection and prompt treatment, the survival rate for Hodgkin's disease can be as high as 74%. Childhood leukemia: as high as 65%. Colon and rectal cancer: as high as 75%. Breast cancer: as high as 90%.

Today, one in every two people who get cancer will survive.

As far as we've come, we still have quite a way to go. And for that, we'd like your help.

There's only one place where cancer is a hopeless disease: In your mind.

Help us keep winning
