# PROGRESS CHENANGO

### Chenango County: A Beautiful Place to Live

We live in a beautiful small town. Nowhere is perfect, but in these rolling green hills and river valleys you can find a peaceful home and be a meaningful part of the community. There are things that could be better, and there are things we hope won't change, but those decisions will be made by the people who get involved.

This year the Evening Sun's Progress Edition will continue the tradition of exploring how local organizations and public resources are being invested to enhance our quality of life through infrastructure, workforce development, housing, and public services.

We will look at our area through the lens of those working to make the most of it and offer their constructive perspectives, so we all might learn to appreciate our hometown even more.

How are we gearing up for the challenges and opportunities that lie ahead? Are you interested in learning more about the key businesses and organizations in Norwich, Sherburne, Greene, Oxford, Bainbridge, New Berlin, the Otselic Valley, and the other towns that make up Chenango County?

What draws people here, and what convinces them to stay? Anyone willing to get involved can have a positive impact. It is one of the things that makes Chenango County so special.

Progress will be included as part of the regular newspaper, with each day's edition featuring additional pages filled with business insights from across the county. Delivered at no extra charge to readers and available as keepsakes, Progress serves as both an in-depth community resource and a valuable snapshot of the county's progress, as well as a year-long reference for our area.

Previous Progress editions can be found online at

### Chenango Health Network Launches Rural Impact Community Survey to Assess Local Health Assets and Needs

[Norwich, NY] – January 5th, 2026 Chenango Health Network, in partnership with Bassett Medical Center Research Institute, is calling on residents of Norwich and Sherburne to participate in a Community Health Survey. The survey is designed to gather comprehensive, confidential information to assess the community's health status and needs.

300 randomly selected households in Norwich and Sherburne, NY will receive a postcard with unique QR code to access the survey. This innovative approach aims to increase participation, particularly among smartphone users, and reduce survey costs by encouraging online responses. Community members aged 18 and older who receive the postcard may also call to request a paper survey or to complete the survey by phone. Participants who complete the survey will receive a \$15 gift card for their time.

The results will be used to develop and evaluate future diabetes prevention efforts. Questions cover a range of important topics, including access to healthcare, chronic disease prevention, mental health, and social factors that influence well-being.

"The Community Health Survey is a vital tool that helps us understand the pulse of our community and better address its needs," said Kimberly Lorraine, CHN Director. "We strongly encourage each resident to share their voice so the community can gain a deeper understanding of our collective health and work toward creating solutions around diabetes prevention that align with the community's assets and strengths.

#### Key Survey Details:

- **What:** 2026 Rural Impact Community Survey
- **Who:** Random sample of residents in the towns of Norwich and Sherburne aged 18 and older
- **Where:** The survey can be accessed online using a unique QR Code found on the postcard. Paper copies are also available by calling the number listed on the postcard.
- **When:** The survey will be open from January 20, 2026 to February 28, 2026.
- **Why:** Results will inform future community-based diabetes prevention efforts developed through the Rural Impact project, funded by the National Institute of Nursing Research of the National Institutes of Health under Award Number UG3NR022298.

## CARS

LOOKING FOR  
AN  
AFFORDABLE  
USED CAR?

SICK OF BUYING rusty junk off of an individual or online and then spending more than you paid for it trying to get it functional or to pass inspection? At Central Auto Sales I take pride in buying quality cars that are still in excellent condition that can supply you with many miles of service in the future. I typically buy my cars from states south of NY to avoid the rust associated with local cars. I have a nice selection of cars in the affordable \$4-6K range, most are low miles or low miles for the age. I'm a lifetime resident of Norwich. Buy from someone local. No pressure, no fancy hype, just quality cars at fair prices! Central Auto Sales LLC, 429 Manley Road, Norwich. www.centralautosalesllc.com 607-336-6371.
