Pennysaver classified ads are a great way to advertise the things you'd like to sell! You can reach over 50,000 Central New York homes by putting your ad in all of our editions or keep things closer to home by choosing just your local Pennysavers. Your ad will also be visible to our website visitors (over 1 million a year) when it runs, at no extra charge.

Best of all, your private sale ad is absolutely free in one set of papers if the item you're selling is \$100 or less. That means you keep 100% of the profits!

It's easy to place your ads too- just submit them online via our website at [www.pennysaveronline.com](http://www.pennysaveronline.com) or call our office at 800-767-7862 if you'd like to talk to one of our helpful representatives.

Give Pennysaver classified ads a chance today, they are the best way to turn your items into cash!

To place a classified ad go to:

## Rogers Center to Host I Love My Park Day on Saturday, May 2nd

Celebrate your love for parks and public spaces at Rogers Center on May 2nd from 1pm-4pm. The Friends of Rogers and New York State Department of Environmental Conservation (DEC) Region 7 invite the public to participate in a glorious day of wildflower seed planting and trail maintenance.

This statewide event, hosted in partnership with the DEC, Parks & Trails New York, and the New York State Office of Parks, Recreation and Historic Preservation, is New York's largest single-day volunteer event for enhancing our public lands.

Gil Polk, Community Engagement Coordinator for the Friends of Rogers, said "There's something powerful about caring for the land together; we leave the world a little better than we found it, while letting the forest, the air, and the water restore us. Volunteering at Rogers is more than giving your time; it's giving yourself the chance to reconnect with nature, community, and purpose. We like to say, 'there are a million doors to Rogers.' We can't wait to welcome you through yours on May 2nd!"

Volunteer registration is open at parks.ny.gov. The day will feature family-friendly projects. Rogers Center is located at 2721 NY-80, Sherburne, NY. Park in the lot adjacent to Route 80 and walk or wheel over the bridge to the 'Volunteer Welcome Center' entrance at the Visitor Center. Bring comfortable, closed-toed shoes and sunscreen if needed. Gloves and insect repellent are provided.

Rogers Environmental Education Center Center is one of four New York State Department of Environmental Conservation (DEC) environmental education centers, and is operated by the Friends of Rogers. ➡

## BABY STROLLER

**Norwich Garden Club and Business Improvement District Launch Bring the Bloom to Broad**

Norwich, NY – The Norwich Garden Club and Norwich Business Improvement District (BID) are pleased to announce a new initiative, Bring the Bloom to Broad! While the two organizations have collaborated on the 68 hanging flower baskets on Broad Street and American Avenue for over 20 years, they are adding a new twist this year. Now you can be part of bringing beauty to Downtown Norwich, too! Dana Wall, Director of the Norwich BID, says that “Bring the Bloom to Broad is a great example of an initiative for Downtown Norwich that is made stronger by community partnerships.”

This year, baskets are available for sponsorship. You can sponsor a basket in honor or memory of an individual, on behalf of your business or organization, or just because! Sponsorships contribute the cost of the flower baskets on Broad Street and American Avenue, and provide a fun way for people to share in civic beautification and pride in Norwich.

To sponsor a basket, fill out the form linked at www.norwichbid.com/news, and drop off or mail a \$43 check to the BID at 1 City Plaza, Norwich, NY 13815.

We will send you an electronic thank-you, and an acknowledgement card that you can use to honor or memorialize someone. We will take sponsorships until May 16, 2026, and will publicly recognize sponsorships throughout the season.

Hanging flower baskets have brightened the Downtown Norwich for many years. The Norwich Garden Club started the project in the 1970s. In the early days of the project, members planted the baskets (called buckets at the time) and manually hung them on lamp posts downtown. Jane Coddington, Norwich Garden Club President explained, “In addition to preparing the flower buckets, they also climbed ladders to tend the flowers throughout the season. The club funded the ‘buckets’ through plant sales and an ‘Adopt-a-Bucket’ initiative, which began in 1980.” The new Bring the Bloom to Broad project is inspired by this bit of Norwich Garden Club history.

Norwich Garden Club was organized in 1932 and is in its 94th year. The club has a long history of beautification projects in Norwich. Members currently maintain a small memorial rose garden at the back of the library property, the crescent flower garden in Gordon Park, and the planting area near the corner of Broad Street and American Avenue.

The Norwich Business Improvement District is a 501(c)(3) organization, founded in 1982 as one of the first BIDs in New York State. Funded by an annual assessment fee paid by all District members (property owners), the BID's mission is “to make Downtown Norwich a thriving center of commerce by supporting its members and businesses, enhancing public spaces, and promoting cultural events to create a vibrant, welcoming community.”

**2026 CURB APPEAL PROGRAM INFORMATIONAL MEETING ANNOUNCED**

NORWICH, NY – The Norwich Building Tomorrow Foundation is pleased to announce the return of the Curb Appeal Program. Now in its sixth year, this grant program has assisted over 40 property owners within targeted geographical areas in the City of Norwich with various exterior improvements to their homes. Thus far the grant funding, along with investments made by property owners, combines for an impressive total of more than \$800,000 in improvements to these properties.

The original program was created to encourage the revitalization of the Norwich Museum District neighborhood and through the years the program has included specific targeted areas within the City of Norwich. This year the program will primarily focus on North Broad Street from the Mitchell & Cortland Street intersection to Weiler Park on the East side of the street and to Newton Avenue on the West side of the street. Additionally, properties located on South Broad Street from the South Broad Street Park to the Conkey Avenue intersection are also eligible.

The focus of the grant program is to assist property owners with projects that improve the exterior appearance of their dwelling from the street; thus improving the curb appeal of the property. Successful applicants are eligible to receive up to 75% of the total cost of their improvements, with the maximum grant amount being capped at \$15,000. The minimum amount for a project to be considered for funding is \$6,500. The scope of work must include improvements to one or more of the following: Architectural Details (addition, repair and/or restoration); Exterior painting and/or power washing; Doors, windows and shutters; Landscaping and sidewalks when done in conjunction with another project component; Decorative entrance features and Aesthetic fencing. All grant awards in excess of \$600 are subject to New York State tax.

If you would like to learn more about this exciting grant program and reside within the targeted area of eligibility, you are invited to attend an informational presentation on Wednesday, April 29, starting at 6:30pm at the Northeast Classic Car Museum on Rexford Street in Norwich.

Grant funding is provided by the Norwich Building Tomorrow Foundation in conjunction with other local foundations. The Curb Appeal Program is being coordinated by the Friends of the Museum District Co-Chair, Pegi LoPresti, and decisions on funded projects will be made by members of the Norwich Building Tomorrow Foundation. Additional information regarding the Curb Appeal Program can be found at https://www.norwichnewyork.net/whats-new.php or https://commercechenango.com/chenango-foundation/ or call 607.226.0004. ➡

# LAWN & GARDEN

## How to plant a tree for successful growth

More sunlight and warm temperatures frequently inspire homeowners to spend more time in the great outdoors during spring and summer. Outdoor projects often top homeowners' to-do lists in spring and summer, with gardens and landscapes taking center stage. Planting more trees around the yard is one popular project that can improve property value and benefit the environment.

### Why plant trees?

There are plenty of reasons to plant trees. Trees provide a natural form of shade, reducing air temperature by blocking the sun's rays. This can reduce reliance on air conditioning systems and make it more comfortable to spend time outdoors during the summer.

North Carolina State University College of Agriculture & Life Sciences says trees absorb and block noise and reduce glare. They also can trap dust, pollen and smoke. Trees also absorb carbon dioxide and potentially harmful gasses from the air. One large tree can supply a day's worth of oxygen for as many as four people, while also storing 13 pounds of carbon per year.

### Getting started

Visit a garden center or nursery and select a tree that will be hardy in your planting zone. Choosing native trees can increase the likelihood that the new tree will adapt to its surroundings. Also, inspect trees to determine if they're healthy before taking them home. Look for evidence of root girdling, which occurs when the roots circle around the perimeter of the container and surround the trunk. Trees should not have any dead or dormant branches. The DIY Network suggests locating the tree where it can thrive. This means

selecting a spot that can make it easier for the tree to grow tall and wide. Avoid planting near the house, where roots can crack concrete or asphalt, and always plant away from underground pipes.

### Planting the tree

Now it is time to amend the soil. It's not enough to enrich only the soil in the hole where the tree will be placed. Move out into a circular area beyond where the roots will start so that roots can expand and properly anchor the tree. The next method of success is to ensure that the tree has a large enough hole to contain the existing root ball and allow for roots to grow and expand. Better Homes and Gardens experts say to prepare a hole that is two to three times as wide as the root ball of the tree. Treat the root ball gently. If the roots are wrapped in burlap, remove the burlap or push it to the bottom of the hole.

Backfill the hole with soil and check that the tree is straight. Stake the tree to help it stay upright and straight until the roots anchor it more effectively. A layer of mulch around the base of the tree can prevent weeds and reduce water loss. Water daily for several weeks until the roots have fanned out. It's best to leave trees be for the first growing season, only removing broken or diseased limbs. Resist pruning and shaping until the tree has survived its first growing season. TF175017

# LAWN & GARDEN

## Create a budget-friendly home landscape

Homeowners understandably envy the award-worthy photo spreads in lawn and garden magazines, wanting to emulate those same looks on their own properties. Scores of designers and landscape architects are involved in the process of creating those amazing lush lawns and perfectly placed plantings. Although not every homeowner has the budget to create lavish landscape designs, it's still possible for homeowners to create lawns they can be proud of.

- Establish your budget. The first step in any project is to determine how much money you can devote to the job. Once you have established the budget, all other factors can be built around it.
- Find an inspiration piece. Great landscapes are inspired by many things, whether it's a memorable piece of art or a landscape layout in a lawn and gardening magazine. Use photos of other gardens or neighbors' yards as inspiration and build off of them. As long as the theme is cohesive, it will look pleasing to the eye.
- Consider the space and how you want to use it. Understanding the space will help you better allocate your budget. If your yard is more of a retreat, look for ways to create privacy and a vacation feel. If you have kids and entertaining friends is a main priority, focus on recreational aspects, such as a pool, playset and some durable plants. Understanding how to allocate your budget will help you to avoid spending money frivolously.

- Think about reclaimed or repurposed materials. Brand new items can quickly eat up a budget. However, repurposing salvaged or inexpensive items can stretch that budget while adding some unique flair to a landscape. See if you can find an outdoor patio set that someone is giving away or selling for a lower price. All it takes is a coat of paint and some new cushions to make it look like new. Discarded bricks or stones can be worked into a patio space or used to create raised garden beds. Purchase inexpensive flower pots and then paint them to make them look like stone or another desired material.
  - Buy native plants. Native plants, shrubs, trees, and flowers will fare better than non-native, exotic plants. That means you'll have to spend less time and money nurturing them into health, and less money having to replace plants that cannot withstand your climate.
  - Consider perennial plants. Perennials may cost more at the outset, but the savings will be realized in the years to come.
  - Hire a professional. It may seem counterintuitive to spend money on a landscaping professional when you've established a strict budget, but that's one way to save money. Landscape artists or garden designers have the experience to guide you in the right direction and help you avoid potentially costly mistakes.
  - Use gravel in spots where plants don't thrive. Gravel is an inexpensive landscaping material that can fill in voids where plants or ground cover simply do not flourish. Those working on limited budgets may be happy to learn gravel is typically less expensive than concrete or pavers.
  - Ask friends or family for clippings. Don't be shy about admiring the plantings of those you know. Flatter their good taste and ask if you can have some clippings to propagate yourself. These clippings can turn into lush plants in no time — with no additional spending required.
- With some frugal spending, planning and budgeting, anyone can create a beautiful landscape. GT164006

## CARS

**LOOKING FOR AN AFFORDABLE USED CAR?**

**SICK OF BUYING** rusty junk off of an individual or online and then spending more than you paid for it trying to get it functional or to pass inspection? At Central Auto Sales I take pride in buying quality cars that are still in excellent condition that can supply you with many miles of service in the future. I typically buy my cars from states south of NY to avoid the rust associated with local cars. I have a nice selection of cars in the affordable \$4-6K range, most are low miles or low miles for the age. I'm a lifetime resident of Norwich. Buy from someone local. No pressure, no fancy hype, just quality cars at fair prices! Central Auto Sales LLC, 429 Manley Road, Norwich. www.centralautosalesllc.com 607-336-6371.

2022 JEEP Renegade Latitude 4x4. 29,308 miles. \$21,999. Norwich Dodge Chrysler Jeep, 158 Cty. Rd. 32A, Norwich, NY. 607-336-2277.
